You may download the document here:

REGULATION (EU) 2016/679 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL - English / Romanian

The GDPR Compliance is already a pressing subject as long as Romania, as part of EU, and all the organizations that own and / or process EU data subject of the data privacy (worldwide) have to comply with the General Data Protection Regulation (GDPR). GDPR is directly applicable in all member states and worldwide without the need for implementing national legislation.

Main Changes under GDPR:

records register of processing personal data

transport of the state of the s

Blue Lab Consulting helps organizations comply with GDPR through structured accountability based on implementing appropriate accountability mechanisms such as policies and procedures. Putting in place appropriate accountability mechanisms are the foundation for complying with the GDPR, as it enables organizations to demonstrate compliance at a project level and at an organizational level, both required by the GDPR

In accordance with our experience and expertise, during the implementation of the GDPR Compliance program within organizations, Blue Lab Consulting (partners / senior consultants, the associated lawyers, and operational team) offer support and assistance into the following phases to compliance:

- **GAP** > GAP Analysis & Diagnostic Records of Processing Activities Data Inventory, Data protection impact assessment and Risk assessment are an Outcome of this phase;
